## EXHIBITION OF LOTS

---

## CONFIDENTIALITY OF BIDS

In order to protect the confidentiality of bids made by our mail bidders vis-a-vis those made by telephone, no precise information will be given regarding the nature of the bids on the book. The only question that will be answered is whether one is ahead on a lot, the answer being a simple "yes" or "no." If a bid is then raised, no further answer regarding the status of the bid will be given.

---

## A WORD ABOUT OUR ESTIMATES

The prices you see listed in the catalog next to the lots are estimates which we think, in our best **conservative** professional opinion, each individual lot may bring at dealer's wholesale prices. Retail prices are 50% to 100% higher than indicated. These estimates are neither reserves nor minimum bids. You may bid more or less depending upon how strongly you feel about a particular item but it has been our experience that the prices listed generally reflect an extremely conservative attitude towards the value of the material described and that bids more than 20% below those listed stand little chance of success.

---

## SALE CLOSING

The receipt of telephone bids will cease at 5:00 PM E.S.T. on Wednesday, November 2, 1983. However, we will continue to answer the phones as long as they continue ringing after that time in order to assure that those who were unable to get through can get their bids entered. If no phone rings for 10 minutes after 5:00 PM, our offices will close.

The books will close on Thursday morning, November 3rd and mail bids received on that morning will be entered in order to close the books. No telephone bids will be accepted after Wednesday evening, November 2nd.

### LOSS OF THE IRON BATTERY MONITOR.

The closing day of 1857 will live in the dark era of our history, as just on the threshold of the fourth the great monster of war is abroad, and down the Atlantic, with her flag flying on its poles and her bow bristling with a furious armada. The world is undivided for her readiness to every man that momentous Sunday in March, when it signified an advent to war by driving back to its North to cross the terrible Atlantic. After considerable delay, the Monitor was ordered to proceed South on an expedition against a Southern port. Capt. Bonhomme, an officer of experience and gallantry,

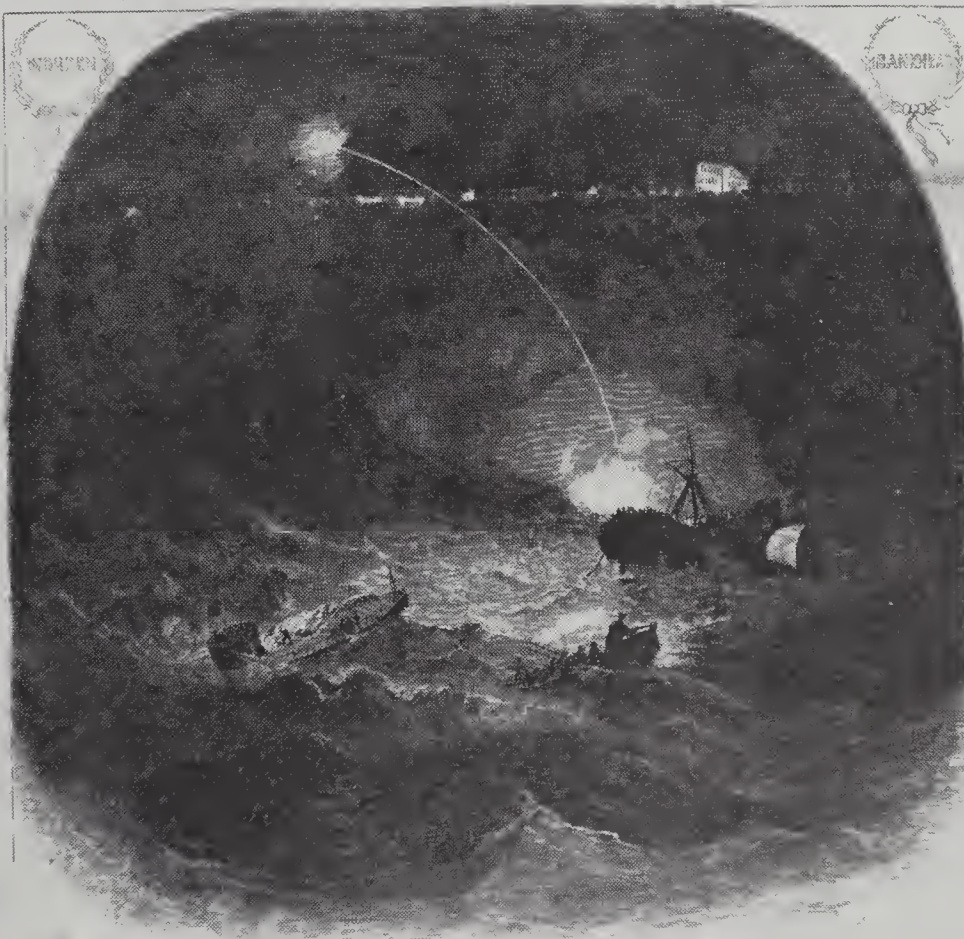

being the co-mandant. On the morning of the 29th at noon, the Monitor, in tow of the Rhode Island tugboat, left Fort-1-1 at 11 a.m., and soon after passed the Battery. The day was fair, the sun somewhat, the wind light, and everything promised a favorable voyage. The evening night was also pleasant. On the morning of the 30th clouds began to gather on the sky, and the wind gradually stiffened and a blow perfect gale. Then it became apparent to all that the Monitor was too much at odds with the sea, and every effort was made to ride out the storm. The waves dashed over and over the bow. At length it was found that she was bowling very fast, the pumps were piled, but the water gained on

them till at last the bras were extinguished. One of the officers then ordered the closing agent

ments and similar in the hollows of waves on the beach, the Monitor. At this time the sea was a mild one with gentle, though rather a little high from the waves appearing as they crossed onto the beach, and the wind was a light breeze from the land. The boat had not yet stopped. The two men, however, were engaged with the paddle wheel of the Rhinoceros, the engine on the wheel, and the Rhinoceros lost its way, and began to circle, sailing towards the Monitor. The watch between the two boats was not very good, each other, and some danger of a collision. The boat, however, reached the side of the Rhinoceros.

"The Rhinoceros is dangerous to all for a moment," said the Monitor, "and the Monitor will not be the Rhinoceros, but the Rhinoceros will be the Monitor." The Rhinoceros then said to the Monitor, "There is a terrible silence on the Rhinoceros, the Monitor is now dead." At two or three jumps out of the boat, the Rhinoceros went to the Rhinoceros. The Rhinoceros is now dead.

VIGNETTE COLLECTION OF  
THE LATE JOSEPH T. POVEROMO  
AND OTHER CONSIGNMENTS

Joseph T. Poveromo was born in 1920 and, after the Second World War worked for American Banknote as a pictorialist from 1950 until his early death in 1964. Besides stamps (see Essay Proof Journal No. 158 pp. 72-3) Poveromo did vignette work for stock and bond certificates and the like.

Judging by these holdings, he not only did stocks and bonds but foreign bank notes as well. Evidently his specialty was people, allegorical vignettes, etc., very few animals or buildings are to be seen.

END OF MAIL BID ONLY SALE

## TERMS OF SALE

1. A 5% buyers charge will be added to each lot purchased by any bidder. This charge will be based on the amount of the final bid and the charge will be added to each invoiced lot.
2. All bids are per lot as numbered in this catalog.
3. We reserve the right to withdraw any lot prior to sale.
4. All material in this catalog is guaranteed to be genuine unless otherwise described.
5. All successful bidders shall be billed for postage, handling and insurance charges. Insurance items sent abroad, not covered by Registered Mail will be billed under our Lloyds of London policy. **Shipments to overseas buyers are made at their sole risk.**
6. We reserve the right to reject any bid from any bidder when we deem a bid not made in good faith. NASCA does not assume liability of any kind arising out of the failure to execute any bid due to clerical error or from any other cause.
7. No "buy" or "unlimited" bids will be accepted. We will act as agents for all mail bidders in the sale. Mail bids will be opened at the next interval over the second highest bid except where the intrinsic or regular market worth of the item dictates an opening at its fair market value. United States currency will not, in conformity with law, be opened at less than the indicated face value. Where such currency is opened at par, no commission is charged to the consignor.
8. **NO BIDS WILL BE ACCEPTED OTHER THAN THOSE RECEIVED IN EVEN DOLLAR AMOUNTS. THIS INCLUDES AUTHORIZATION TO INCREASE BIDS BY A CERTAIN PERCENTAGE. THOSE INCREMENTS WILL BE REDUCED TO THE LOWEST DOLLAR AMOUNT.**
9. Check your bid sheets carefully. We can not assume any responsibility for errors made in the amount bid or lot numbers listed on your sheets.
10. It is necessary for all minors wishing to bid to present written parental permission prior to sale.
11. The payment terms for our sales are strictly cash and payment is to be made immediately upon receipt of invoice. **No lot(s) may be taken away at any time unless the purchase price thereof has been paid in full.** Buyers will be charged a late charge of 2% per month on the total purchase price (including buyers and other charges) if payment is not recieved by NASCA within 10 business days of the mailing of the invoice. Established customers who have credit with us shall be permitted, after seeking permission in writing, to have such items held for 30 days without charge after the closing date of the sale. However, no merchandise will be delivered in advance of payment.
12. Title does not pass on any item purchased until payment in full is received for all items. NASCA expressly reserves the right to await the clearance of any check tendered before making delivery.
13. In the event that a collection agency or an attorney is required to collect outstanding accounts, all agency and court costs, witness and attorney fees and all other costs and charges of any and every kind whatsoever incurred by NASCA in collecting the funds due shall be borne by the defendant in the event that judgement is given against him, her or them. In the event of a suit, the signer of a NASCA bid sheet or participant in the auction concedes the jurisdiction of the courts of the State of New York or the United States in the County of Nassau or the City of New York as NASCA alone shall elect and expressly waives any right of trial in any other place or jurisdiction.
14. No lots may be returned by Floor bidders except on the ground of non-authenticity.
15. Mail bidders may return lots for reasons of authenticity or improper description by requesting permission to do so within 5 days of receipt or by December 9, 1983, whichever comes first. Failure to execute this privilege in a timely manner either from a failure to pay promptly or from any other cause shall be grounds to cancel this privilege except as regards unauthentic material.
16. New York State sales taxes shall be levied on all New York residents either in New York City or our offices (if picked up there) at the rate applicable therein and if delivered to the purchaser's residence, at the rate applicable there. Dealers and other persons not resident in New York are reminded that under regulations effective 1 Dec., 1982, sales tax must be collected from any non-New York dealer unless the proper forms have been filled in by the said dealers and filed with the New York authorities. Out of state persons may also be liable to the sales or use taxes of their jurisdictions depending on the agreements existing between New York State and other states.
17. NASCA reserves the right in public auction sales to reopen the bidding under the following circumstances:
  - 1) NASCA has failed to execute correctly a mail bid.
  - 2) A party purchasing the lot on the floor has done so in error.
  - 3) Where a protest is made after the hammer has fallen but before the bidding has commenced on the next lot.
  - 4) Where the auctioneer has determined that he has overlooked a party still bidding on the lot but before the calling of the next lot.With these exceptions, lots will not be permitted to be reopened after they have been hammered down, unless the party awarded the lot will permit the auctioneer to reopen the same. The decision of the auctioneer on these or other points shall be final and binding.
18. **The placing of a bid in this auction sale shall constitute full acceptance of the foregoing terms of sale.**
